PROFILE

I am a 32-year-old (Computer Science) student currently pursuing my B.Sc from GCTU University. With a strong passion for technology and a drive for continuous learning, I have established myself as a Full-Stack Developer with over 3 years of experience in web development. I build clean, responsive user interfaces and reliable backend services, making sure everything works seamlessly together through REST APIs. As a versatile developer, I bring a strong balance of technical expertise, creativity, and real world experience to every project. With over 3 years of hands-on experience as a Full-Stack Developer, I understand how to build complete solutions from clean, responsive user interfaces to secure and scalable backend systems that work seamlessly together.

I am constantly seeking new challenges and opportunities to expand my knowledge and expertise. I thrive in collaborative environments and am always open to new projects, partnerships, and learning experiences. Let's connect and explore how we can make a positive impact together.

PROFESSIONAL EXPERIENCE

FULLSTACK DEVELOPER

OBIBA_ECOMMERCE

2025

I bridge frontend and backend systems by building and integrating REST APIs, ensuring seamless data flow and reliable application performance

FRONTED DEVELOPER

FA TASTE RESTUARANT

2023

Developed a responsive and user-friendly website for Fa Taste Restaurant, enhancing online presence and customer engagement through modern design and seamless navigation.

JUNIOR DEVELOPER

TTP CORP.

2021

As a Junior Developer at TTP Corp., I contributed to building and maintaining web applications, gaining hands-on experience in frontend and backend technologies while collaborating with a dynamic development team.

OBIBA-ECOMMERCE WEBSITE

HTML,CSS,Javascript,NodeJS,MongoDB

1ST-CHOICE MOBILE APP

TypeScript,CSS,Javascript,TailwindCSS & ReactJS,MongoDB

INTERESTS

- READING TECH BOOKS
- TECH COMMUNITY MEETUPS
- LEARNING NEW WEB TECH
- DIGITAL CONTENT CREATION
- BUILDING PERSONAL PROJECTS

EDUCATION

COMPUTER ENGINEERING

UDEMY COURSE (ONLINE)

2018

Focused on core computer engineering principles, programming, and hardware-software integration.

SOFTWARE ENGINEERING

COURSERA COURSE (ONLINE)

2019 - 2020

Studied software development methodologies, web development, and application design.

CETEFIED WEB DEVELOPMENT

UDEMY COURSE (ONLINE)

2022

Completed a full web development program covering frontend and backend technologies

WEB DEVELOPMENT BOOTCAMP

CODECAMP

2023

Hands-on training in building modern web applications using HTML, CSS, JavaScript, and frameworks.
